**ENVIRONMENTALLY RESPONSIBLE** – Since 1913, Sioux City Brick has actively pursued advanced manufacturing practices that conserve resources and promote environmental sustainability. Because brick is a natural for today's emphasis on sustainable design, one only has to review the brick facts to understand Sioux City Brick is the choice of many Designers, Builders and Home Owners.

Sioux City Brick is a leader in **GREEN** technology and continues to advocate for a **GREENER** planet. By protecting the environment, Sioux City Brick demonstrates its commitment to current and future customers.
